3. **PAYOUT AND DEDUCTIONS**

- 3.1. Solidgate provides the Services to Merchant based on the issuance of Electronic Money remitted on Merchant's Wallet. This means that the Settlements net of the Fees and any applicable deductions as per the Agreement (the "Merchant Payout"), are converted in units of Electronic Money at par value and credited to Merchant's Wallet within one (1) Business Day from receipt of the Settlement. - 3.2. Solidgate undertakes to transfer the Merchant Payout from the Wallet to the Bank Account to this Agreement during the Payout Period.

In case urgent changes to the Bank Account are required, the Merchant shall request by any available means of communication to temporarily suspend payments until the new Bank Account is activated, to avoid that payments would be made to the wrong Bank Account. If Solidgate would have doubts about the request to change the Bank Account, then Solidgate shall have the right to suspend the payments and inform the Merchant unless it is prohibited until Solidgate receives confirmation that the change request was indeed submitted by a duly authorised person.
- 3.8. Merchant authorises Solidgate, or its affiliates, without any additional approval or authorization, to deduct the amounts, related to processing of the complaints related to the Chargebacks,

Refunds, and penalties imposed by Third Party Services Provider, Card Schemes and/or regulatory authorities, or any other outstanding sums from the Settlements before crediting them to Merchant's Wallet. - 3.9. When the Blend Model is applicable to the Merchant, any charges and/or fees from the relevant Card Schemes, issuers are collected on behalf of such third parties by Solidgate.

The Pass Through Fees might be reflected as a separate line item in Merchant's invoice. Solidgate's fees are applied on top of such Pass Through Fees. The current Card Schemes interchange pricing level is published by the Card Schemes.
- 3.11. Pass-Through Fees are collected on behalf of Card Schemes and payable by Merchant. Regardless of the model applied, Merchant is responsible for all Pass-Through Fees relating to the Services and features it uses. The Acquiring mark-up is agreed between Solidgate and Merchant as the compensation for Solidgate's risks and efforts related to Transactions for Merchant. Merchant acknowledges that the Pass-Through Fees are set by the Scheme Owners (and not by Solidgate).
- 3.12. If Merchant wishes to challenge the received Chargeback, then all expenses, arisen due to consideration of the dispute, including Card Schemes' commission fees for processing of the Chargebacks, for processing of the challenged Chargebacks and possible arbitration costs, shall be paid by Merchant.
- 3.13. If it is impossible to debit the amounts of Merchant's liabilities under this Agreement from the Wallet and/or Bank Account, Merchant undertake to pay the invoice for the required amounts within five (5) Business Days after receipt of the respective invoice.
- 3.14. In case of violation of the Card Scheme Rules, Solidgate is entitled to charge Merchant for all penalties levied by Card Schemes and/or Third Party Services Provider connected with such violation and other expenses connected with Merchant's violation.
- 3.15. Solidgate reserves the right to reasonably withhold and/or defer payouts related to Transactions if they are submitted for authorization, but suspected to be fraudulent, suspected to be related to illegal activities, are likely to become subject to a Chargeback and/or Card Schemes investigation, or for objectively justified reasons related to the security of such Transactions on the basis of risk management considerations or where required to comply with the Applicable Law, until satisfactory completion of the investigation, conducted by Solidgate, Card Scheme and/or a third party nominated by any of the parties hereby.
